A. J. And Number 8272

A carrier pigeon bearing the initials A. J. and the number 8272 came to the home of H. S. Bell, one mile east of Gings late yesterday afternoon. The pigeon was about given out and was almost starved. Mr. Bell stated that the bird was tame and made friends with him almost at once. The bird is still there. It is not known where it came from but is supposed to have lost its way and landed at the Bell home. Mr. Bell would gladly give the pigeon to the owner. The bird carried no message.

STEVENS STILL ROOMS AT LARGE

Youth Hunted by Officers of Three
Counties Succeeds in Eluding
Them Near Orange.

STAYS IN WOODS AND HILLS

Was Sentenced From One to Eight
Years in Local Court in 1912—
Out on Parole.

Hunted by the officers in three counties—Franklin, Fayette and Rush—Irvin Stevens, accused of robbing stores in Andersonville, Orange, Laurel, and Glenwood, still rooms at large in hills and thickets south of Orange. Nothing has been seen of Stevens since Sunday when he entered and robbed the home of Lyman Barnard, near Orange.

At the Barnard home Stevens took a shot gun and a rifle and seventy-five rounds of ammunition. A search was made for him but it was impossible to find him in the thick woods and the hills south of Orange. The officers believe that the only way they will capture him is by driving him out through hunger.

On December 17, 1912, Stevens who was then seventeen years old, was sentenced to serve from one to eight years in the Jeffersonville reformatory on a charge of larceny. At that time he was accused of robbing the home of Ed Dolan, near Falmouth. He eluded the officers in about the same manner as in the present case, but was finally captured when he went to the home of a farmer to get something to eat. The sentence was pronounced by Judge Blair, who was then judge of the Rush circuit court.

Stevens served about two years and was paroled. In case he is caught he will be taken back to the reformatory to serve out the rest of his term.

Stevens has roamed the woods a greater part of his life and is so thoroughly acquainted with the hills and country in that section that it is practically impossible to locate him. An old shack was found Sunday in which he had been sleeping. It was at first thought that he was in the house but a complete search showed that he had been sleeping in the garret and had again taken to the woods. As far as is known Stevens is not considered dangerous and the officers are not afraid of the two guns he carries.

GERMAN REPLY IS DISCUSSED

Believed to Have Been Principal
Topic Before Cabinet Meeting
Today—Withhold Comment.

NEW NOTE GOES THURSDAY

Contents Presented to Members And
There is Said to be no Differ-
ence of Opinion

(By United Press.)

Washington, June 1.—President Wilson suggested the advisability of withholding comment on the German situation for the present today. Now that he has the complete official text of the German reply before him, and has discussed it with the cabinet it might be dangerous to offer too wide conjectures as to the exact nature of the reply, he said.

The president told his callers that he was very hopeful that the reply could be composed so as to go forward to Berlin very soon. It was later understood that the reply would be enroute to Berlin by Thursday; certainly not later than Friday.

The German note was believed to have been the principal topic discussed at the cabinet meeting which lasted two hours and twenty minutes. The executive was said to have gone over all the points he proposed to make in the next communication to Berlin. There was understood to have been no dissension from the opinion that the United States must maintain the position it assumed in the original note to Germany.

In all the essentials involving America's integrity, it was learned that the next note will likely duplicate its predecessor. It will assert that the burden of proof in regard to the Lusitania being an armed ship will rest on Germany.

SUIT TO REMOVE ADMINISTRATRIX

Orla Price Would Have Step-Mother
Removed Because he Alleges
Neglect of Duty.

ESTATE OF WILLIAM PRICE

Orla W. Price has filed suit in the circuit court asking that Louisa G. Price, widow of the late William Price, be removed as administratrix of the estate. In the complaint he sets out that the real estate belonging to the estate of which he is entitled to a share, has been ordered sold, and has been appraised according to the law. He claims that the real estate was appraised at \$2,500, and despite the fact that Mrs. Price has received bids as high as \$2,750 refuses to sell the property.

He also alleges that more than one year has elapsed since she took out the papers of administratrix and that no report has been made to the court in that time. He asks that she be removed. The court ordered a citation issued to Mrs. Price and she is to appear June 15 and answer the charges made in the complaint.

Mrs. Will Cornea suffered a serious fracture of one of her knees, in a fall, at her home in Michigan. The accident happened a few days ago, and will probably disable her for several months. Mrs. Cornea is a daughter of Mrs. J. H. Pearsey of this city.

NEW POLICY WEDNESDAY

Then President Will Make Known
Attitude Towards Mexico.

(By United Press.)

Washington, June 1.—President Wilson's new Mexican policy will not be made public until Wednesday. The president explained his policy to the cabinet today. He wants to get before the leaders of the Mexican factions before it is widely circulated, so he deferred to making the text public stating it would be ready for afternoon papers tomorrow. The note was complete before the meeting.

It is understood that the situation in Mexico will be characterized as intolerable and the factions will be called upon to reconcile their own differences and elect a representative provincial president. No time limit will be fixed.

ITALIANS TAKE AUSTRIAN TOWN

Troops Meeting With Success in
Trentino Campaign—Bloody
Engagement Ends.

FORTRESS IS CAPTURED

(By United Press.)

Rome, Italy, June 1.—In a bloody engagement in the Tyrolean Alps, Italian troops stormed and captured Montezuelo, a strong Austrian fortress dominating the fortified town of Rovereto. Montezuelo lies six miles south of Rovereto, the objective of the Italian army's advance in the Adige valley towards Trent. The Italians command not only the fort Rovereto but the strong fortified Austrian position at Mori. Its capture is one of the most notable successes gained by the Italian forces in the Trentino campaign.

FOUR KILLED IN GERMAN AIR RAID

Long Expected Visit of Zeppelins to
London Became Reality This
Morning.

THREE BAD FIRES RESULTED

(By United Press.)

London, June 1.—Four persons were killed and one badly injured and others sustained lesser wounds in a Zeppelin raid on London early today. An official statement from the admiralty tonight said the airships threw 90 bombs, mostly incendiary and caused three large fires. No public buildings or fortified works were damaged.

"About 90 bombs were dropped in various localities of metropolitan London not far from each other," said the statement. A number of fires were started but only three required the attention of fire engines. All were promptly dealt with.

"No public buildings were hit but a number of private houses were hit," continued the official statement.

SAYS U. S. MUST BE REASONABLE

Foreign Secretary Jagow in Inter-
view States Both Countries
Must Have Facts.

MORE DISCUSSION LIKELY

Declares American Cannot Expect
Germany to Give up Means of
Fighting Enemies.

BY CARL W. ACKERMAN.
(U. P. Staff Correspondent.)

Berlin, (Via The Hague) June 1.—"America has to be reasonable enough to grant Germany time and the right to investigate the facts on the Lusitania case."

Herr Von Jagow, German foreign secretary, who drafted the German reply to the American note, so declared in an interview with the United Press today. He expressed the sincere hope that further discussion of the Lusitania incident will bring the United States and Germany to a complete understanding as to the facts, and that an agreement will be fairly and equally determined.

"America can hardly expect us to give up any means at our disposal to fight our enemies. It is a principal with us to defend ourselves in every possible way. I am sure America will be broad enough to believe that the two countries cannot discuss the Lusitania case until both have the same basis of facts."

(By United Press.)

London, June 1.—The Exchange Telegraph's Copenhagen correspondent wires the following today: "Berlin advices say the German opinion in political circles is that America not only played into the hands of Great Britain in the note to Germany but she has entered into a formal understanding with the allies."

Exercise And Health.

In "Exercise and Health," an educational leaflet from the United States Public Health Service, a note of warning is sounded. The death rate after the age of forty is increasing in spite of more sanitary modes of living and greater protection against communicable disease. The expectations of life after forty is less than it was thirty years ago. This is due largely to increased prev-

SOME INDIANA PEOPLE GET QUICK RELIEF

Hundreds of Indiana people have found relief from stomach and digestive troubles by the use of Mayr's Wonderful Remedy.

This remedy is safe and efficient. The first dose gives results. And the treatment is not long. It has a wonderful record.

Here are the statements of two who have used and proven the merits of the remedy:

CHARLES INMAN, 424 East Chestnut St., Hartford City, Ind.—"Four doctors said they could not cure me unless I went to Fort Wayne to be operated on. I took your treatment. In three weeks I went to work and haven't missed but a half day since."

WALTER SPRAY, 1011 South Second St., Frankfort, Ind.—"Before I took your medicine I suffered a great deal, but since I took the first dose I have not had a bad spell. I feel it is even more than you claim."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

alence of the diseases of degeneration. The muscles, arteries and other organs of those who as a result of sedentary occupation or indolence take too little exercise degenerate. Heart disease, kidney disease, and other ills follow.

Take exercise. Take daily exercise. Have a hobby that gets you out of doors. Walk to your business, to your dressmaker's, walk for the sake of walking. Join a walking club and keep your weekly score of miles. Keep chickens, make a garden, wheel the baby or play golf or any other game, but take two hours outdoor exercise every day. Gymnasium work is good for those who like it and can afford it, but avoid heavy athletics. Don't try to be a "strong man," the champion athlete often dies young. Be a moderate, persistent, daily exponent of exercise. You may not burn the family carriage, as Benjamin Franklin suggested, but at least, as he advised, walk, walk, walk.

RISK COMES OUT FOR GOVERNOR

Leader of Anti-Taggart Faction Of

Democratic Party Says he is

After Nomination

ACTION HAS BEEN EXPECTED

Declares in Favor of Woman Suffrage, Constitutional Convention And Against Liquor

(By United Press.)

Indianapolis, Ind., May 31.—James K. Risk of Lafayette and Indianapolis announced himself as a candidate for governor subject to the democratic primaries. He declared himself for women suffrage, a constitutional convention and against the liquor traffic.

Risk is recognized as leader of the anti-Taggart faction in the Democratic party. Because Indiana will for the first time nominate by the direct primary process, today's announcement foreshadows what probably will be the stiffest fight Thomas Taggart has yet experienced for the control of that party.

The announcement came in an open letter to Richard B. Kirby of Indianapolis, president of the Wilson-Bryan league of Indiana. It was in answer to a letter from Kirby asking Risk to become a candidate.

In bringing in the liquor question Risk went one step better than Kirby, who mentioned only women suffrage and the constitutional convention. He denounced the liquor traffic as "controlling or attempting to control all law enforcing agencies; surrounding itself with crime, vice, debauchery and prostituting both men and women."

Risk refers to the fight for the Jones direct primary law. He has been given credit by John R. Jones as being the leader in the fight for the law in the recent legislature. He calls upon the voters to use "the implement that has been placed in their hands, which will enable them to begin in the precinct and select the right kind of men who go to make up the party organization. 'The political boss must be overthrown' says Risk. 'The people now have a primary law which will allow them to have the kind of government they want.'

Concerning woman suffrage Risk says:—

"I believe that every woman that desires to vote in our state should have the right to vote. I believe the women of Indiana are just as capable of determining what sort of government is best suited to bring the greatest good to the greatest number, as are the men.

"Woman has been able to meet every demand made upon her. In many lines they have excelled the men. A very large percent of the teachers in our schools are women. They are capable of training the youth. In the professional line we find them men's equal if not their superior. In many instances they are compelled to maintain a home. They are the owners of property and bear their burden of the taxation, and yet in our state they have no voice in the government which they are called upon to help maintain. However, the day is not far distant when the women of Indiana will have that which is due them—the right to stand on an equality with men."

He declares that a constitutional convention is needed to obtain woman suffrage and "many acute questions now confronting us that never will be properly settled until the people of Indiana demand the right to revise or rewrite their own fundamental law in their own way."

Risk has the following to say on the liquor traffic:

"There is one question that you have not discussed in your letter which is extremely vital in our state. It has had much to do in preventing the progress of popular government. It has laid its vicious hands on every attempt to bring about needed moral reforms. It is found in the hamlet, the village, the town, the municipality and the state. It controls or attempts to control all law enforcing agencies. It surrounds itself with crime, vice and debauchery.

It is the prostitute of both men and women. It is a full partner with those who live by committing crime. This great evil, the liquor traffic, must not only be driven out of politics, but it must be driven out of the state; and those who believe in honest government cannot dodge this issue. They will be and should be compelled to fight the liquor traffic with all their might because of its tenacious hold on the government.

He then quotes Federal Judge A. B. Anderson's denunciation of the saloon in connection with the Terre Haute election corruption conspiracy. Judge Anderson declared that the people would have to rise up and smash the saloon.

Speculation has been rife concerning Risk ever since the Kirby letter appeared. He is known to have a large personal acquaintance in the state, due partly to the many years spent in the insurance field. He was for 20 years a member of the executive committee of the Independent Order of Foresters, was high chief ranger of the order at one time and for four years was state manager. At present he is manager of the Indianapolis branch of the North American Insurance Company of Chicago.

Observers have not hesitated to state that should Risk become a candidate he would draw to his banner the Bryan element in Indiana Democracy which is rated very strong. Risk has long been identified with the secretary of state. Bryan stopped at the Risk home in Lafayette at the time of the big rally in 1907 when he announced his candidacy for the presidency in 1908.

Risk has had extensive experience in politics. In 1908 he led a fight against Taggart in the state committee which was deadlocked for 43 ballots over choice of a state chairman. Taggart organization finally elected Stikes Kaekson to succeed W. H. O'Brien. Curiously, O'Brien at this time is mentioned as the most probable candidate of the organization forces for governor.

Risk has been city, county, and district chairman at the same time while endeavoring to be elected state chairman of the party.

The House the Red Jacket Saved

Read This Letter:

"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect.

Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

JOHNNY COULON TO COME BACK

One Time Famous Bantam Will Endeavor to Take Crown Away From Kid Williams

IS SOON GOING TO CANADA

There he Will Spend Summer Getting in Condition—Then The Big Battle Will Take Place

BY BARRY FARIS
(U. P. Staff Correspondent.)

Chicago, June 1.—Johnny Coulon, the little Logan Square battler who so long wore the crown of the bantams on his bald head, is going to try a comeback. The experience of Jim Jeffries and countless other gentlemen who have essayed similar stunts with disastrous results, has no terrors for Johnny. He is as confident that he will win back the championship as he is of anything.

Johnny, however, hasn't lived 28 years for nothing. He knows a lot of tricks yet, even if he is an ex-champ, and he is basing his hopes to take the title away from Kid Williams, on two things—one is that he really believes he packs a big enough wallop to put the Baltimore Dane away. The other is a well founded belief that Williams can no longer scale 116 pounds, the legitimate bantam limit, and be strong—all the expostulations of Sammy Harris to the contrary.

"Williams can't make 116 any more and be strong," Johnny said several days ago, "and I know it. I also know that there isn't a 116 pound boy in the game with the exception of myself, who stands a chance to beat him. Will he fight me? I don't know, but I'll make it so hot for him if he don't that he will have a sweet time trying to square himself with the fans. He has never given me a return fight anyway, which is contrary to all ring precedent. I am going to post \$1,000 for him to meet me at 116 pounds."

Johnny hasn't been idle since Williams defeated him in California a year or so ago. He always was a clean liver and he has not abandoned boxing since he became an ex. He is constantly in training, and spends most of his time away from the little cigar store that bears his name up on the square.

In July, Johnny is going to Canada and spend all summer in the woods. Then he is going to come back, take on a few boys to get a good line on himself, and then spring the big coup.

This, of course, is all according to Johnny, but the little fighter only weighs 118 stripped now and looks every inch in condition. And there are a lot of Chicago fans, particularly his Logan Square worshippers, who think he not only has a chance to slip one over on the blond Williams, but that he will do it.

RAMBLERS WILL PLAY HERE

Rushville Feds Will Take on Connersville Team Thursday.

The Rushville Feds will play their first game of the season Thursday afternoon at Edgewater park when they tackle the Connersville Ramblers. The Feds, composed of Nick Tompkins, Eddie Carter and some other good baseball talent hope to play week day games once a week and the game Thursday will be the starter. The Connersville team is expected to give the local boys a hard run. The batteries have not been announced, but Huddleson, who will pitch for Connersville will work for Rushville later in the season. The game will be called at 2:30 o'clock.

NO BALL GAME HERE SUNDAY

Edgewater Park will be Closed as Per Agreement With Remington.

Edgewater Park will be closed Sunday afternoon and there will be no ball game permitted there. The Rushers will play in Connersville on next Sunday afternoon and by reason of an agreement with the Connersville management the local park will be closed and no one permitted to play ball there. When Connersville plays here the park will be closed. From all indications several car loads of fans will make the trip to Connersville next Sunday. The Rushville team is very anxious to win this game and will put forward every effort.

ARRANGES FOR SPECIAL TRAIN

C. H. & D. Will Run Excursion to Cincinnati Next Tuesday For Big Picnic.

BAND CONCERTS AT THE ZOO

Just one week from today, which will be Tuesday, June 8th, the Main Street Christian Bible School of this city will conduct an excursion over the C. H. & D. Railway to the Zoo in Cincinnati. The local school with their friends will there meet the Bible School of the Winchester, Kentucky church. It will be recalled that these schools had a friendly contest a little more than a year ago in which the local school won. The fellowship then enjoyed will be renewed in a joint picnic. A special round-trip fare of \$1.25 for adults and 65c. for children will be allowed. When it is remembered that the regular rate is \$4.50 it will be seen that the special rate is remarkably low.

The Cincinnati Zoo is the largest and most complete west of New York City. It is maintained at a cost of almost \$100,000 annually and is the pride of the middle west. Music lovers will be glad to know that at 2:30 in the afternoon of the day of the picnic the world famous Kryl band will give a concert in the band pavilion at the Zoo. The local school has invited the members of other schools of the city and citizens of Rusville to avail themselves of the privileges of this excursion. Tickets will be on sale beginning tomorrow at the Hargrove and Mullin Drug Store.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

VETERANS OF SOUTH MEETING

Greatest Gathering of Confederate Soldiers Since War Opens At Richmond, Virginia

GREAT MILITARY PARADE

"Battle of Crater" is to be Reproduced in Fireworks—Corner Stone to be Laid

(By United Press.)

Richmond, Va., June 1.—For more than one reason the twenty-fifth annual reunion of the United Confederate Veterans, which begins here today and continues June 2 and 3, gives promise of being the greatest gathering of Confederates since the war. Coming just fifty years after the close of the great struggle, the 1915 reunion in the old capitol of the Confederacy has proven a great attraction.

Perhaps the leading feature of the reunion will be the great military parade and spectacle which is scheduled for the morning of June 3, in which not only the Confederate veterans but crack military commands from the North and South will participate. Ten thousand confederates, more than 3,000 Virginia militiamen, "The Old Guard" of New York, the Governors Foot Guards, of Connecticut, fifteen military bands, and many military organizations from the Southern States will be in line.

Not the least unique and interesting feature will be the formal opening of the Confederate Memorial Institute, or "Battle Abbey" as it is popularly known. This imposing temple of granite, of classic lines and impressive simplicity, has been erected as a treasure house of Confederate relics. After years of patient effort, the building has finally been constructed, and its formal opening will be a great event in the Confederate organization.

Invitations have been issued to the Governors of the fifteen Southern States and to President Woodrow Wilson and other notables. Many have accepted and the President holds his reply in reservation. The wives and families of the great leaders of the Southern armies have also accepted the invitations to attend the 1915 reunion.

A thrill is promised by the com-

mittee in charge of the reunion when the "Battle of the Crater," is reproduced in fireworks the night of June 2, at "Camp Stuart." Trenches will be constructed, dummy figures used, and at least two companies of soldiers employed in staging the spectacle.

On the morning of Thursday, June 3, the cornerstone of the imposing monument to Stonewall Jackson, which is to be erected at Monument Avenue and the Boulevard, will be laid. Simple ceremonies are to mark this event.

Unusual interest in the business sessions at the reunion is attached by reason of the fact that the Confederates are to decide definitely at this time to whom is to go the honor as designer of the Stars and Bars. This has been a much controverted point.

The reunion will come to an end on Thursday with the grand ball in the First Regiment Armory and the military ball in the armory of the Richmond Light Infantry Blues.

Among the speakers at the reunion will be: Judge D. Gardiner Tyler, a son of president Tyler; John W. Bale, of Rome, Ga.; Dr. Henry W. Battle, of Charlottesville, Va.; Gen. B. W. Green, of Arkansas; and Gen. Julian S. Carr, of N. C.

BOYD CATTLE NOW ON THE WAY HOME

Quarantine Lifted by Government in Chicago and Twenty Head of Jerseys Are Shipped Here.

Twenty head of fine Jersey cattle, owned by John F. Boyd, are now on the way home from Chicago where they have been held in quarantine since last fall on account of the foot and mouth disease. The quarantine was lifted yesterday by the federal government and the cattle were permitted to be shipped into Indiana by order of State Veterinarian Nelson.

Something like 750 head of cattle were also released along with the Boyd cattle. Practically all of the Boyd cattle had the foot and mouth disease but suffered no ill effects. The cattle are in no way damaged as a result of the disease. The cattle were in Chicago for the National Dairy show when the quarantine was put in effect. The government took the 750 head that were at the show and cared for them at the Hawthorn race track.

Women Have to Smile.

In a great many cases and try to make those around them happy, while they are racked with the pain of organic trouble. Few men realize how common such heroism is. The remedy for this condition is Lydia E. Pinkham's Vegetable Compound—simple remedy made from roots and herbs, which for forty years has been overturning the most obstinate ills of women. Every woman suffering from female ills owes it to herself and family to give it a fair trial.

Backbone or a Wishbone?

It is always better to have a backbone than a wishbone. It's better to wander a bit and then get back than never to act at all and wish you had. Experience teaches.

Each week for years I've been telling you fellows what I thought was the best thing for you when you need a pair of shoes. Come to the place where the stock is known to be right. How many thousands have followed the lead, I don't know, but certain it is that those who haven't are few. If you are one of "the few" again I say "Try It."

There isn't a chance in the world it will hurt you. The majority of your neighbors say it will help. If you find you don't agree with them it's a Short Cut Back. I know the trip will do you good.

A carrier pigeon bearing the initials A. J. and the number 8272 came to the home of H. S. Bell, one mile east of Gings late yesterday afternoon. The pigeon was about given out and was almost starved. Mr. Bell stated that the bird was tame and made friends with him almost at once. The bird is still there. It is not known where it came from but is supposed to have lost its way and landed at the Bell home. Mr. Bell would gladly give the pigeon to the owner. The bird carried no message.

STEVENS STILL ROOMS AT LARGE

Youth Hunted by Officers of Three
Counties Succeeds in Eluding
Them Near Orange.

STAYS IN WOODS AND HILLS

Was Sentenced From One to Eight
Years in Local Court in 1912—
Out on Parole.

Hunted by the officers in three counties—Franklin, Fayette and Rush—Irvin Stevens, accused of robbing stores in Andersonville, Orange, Laurel, and Glenwood, still rooms at large in hills and thickets south of Orange. Nothing has been seen of Stevens since Sunday when he entered and robbed the home of Lyman Barnard, near Orange.

At the Barnard home Stevens took a shot gun and a rifle and seventy-five rounds of ammunition. A search was made for him but it was impossible to find him in the thick woods and the hills south of Orange. The officers believe that the only way they will capture him is by driving him out through hunger.

On December 17, 1912, Stevens who was then seventeen years old, was sentenced to serve from one to eight years in the Jeffersonville reformatory on a charge of larceny. At that time he was accused of robbing the home of Ed Dolan, near Falmouth. He eluded the officers in about the same manner as in the present case, but was finally captured when he went to the home of a farmer to get something to eat. The sentence was pronounced by Judge Blair, who was then judge of the Rush circuit court.

Stevens served about two years and was paroled. In case he is caught he will be taken back to the reformatory to serve out the rest of his term.

Stevens has roamed the woods a greater part of his life and is so thoroughly acquainted with the hills and country in that section that it is practically impossible to locate him. An old shack was found Sunday in which he had been sleeping. It was at first thought that he was in the house but a complete search showed that he had been sleeping in the garret and had again taken to the woods. As far as is known Stevens is not considered dangerous and the officers are not afraid of the two guns he carries.

MUST STAND TRIAL.

Muncie, Ind., June 1.—Judge Ellis in circuit court today overruled the motion to quash the indictments against Mayor Bunch and other city officials accused of graft. He lectured the defendants. "A bribe taker is never excusable," he said, "but a bribe giver sometimes may be." The defendants will file pleas in abatement.

The Red Men will have work in the Warriors degree tonight also election of officers.

FLOCK OF MACHINES.
A local motorist while traveling the national road between Dunreith and Greenfield after the finish of the big automobile race in Indianapolis yesterday, passed 400 automobiles and probably 100 motorcycles. The tourists were from Ohio and Pennsylvania and were returning from the race. The machines averaged twenty-five to the mile and it was necessary to keep to one side of the road all of the time to let them go by.

GERMAN REPLY IS DISCUSSED

Believed to Have Been Principal
Topic Before Cabinet Meeting
Today—Withhold Comment.

NEW NOTE GOES THURSDAY

Contents Presented to Members And
There is Said to be no Differ-
ence of Opinion

(By United Press.)
Washington, June 1.—President Wilson suggested the advisability of withholding comment on the German situation for the present today. Now that he has the complete official text of the German reply before him, and has discussed it with the cabinet it might be dangerous to offer too wide conjectures as to the exact nature of the reply, he said.

The president told his callers that he was very hopeful that the reply could be composed so as to go forward to Berlin very soon. It was later understood that the reply would be enroute to Berlin by Thursday; certainly not later than Friday.

The German note was believed to have been the principal topic discussed at the cabinet meeting which lasted two hours and twenty minutes. The executive was said to have gone over all the points he proposed to make in the next communication to Berlin. There was understood to have been no dissension from the opinion that the United States must maintain the position it assumed in the original note to Germany.

In all the essentials involving America's integrity, it was learned that the next note will likely duplicate its predecessor. It will assert that the burden of proof in regard to the Lusitania being an armed ship will rest on Germany.

SUIT TO REMOVE ADMINISTRATRIX

Orla Price Would Have Step-Mother
Removed Because he Alleges
Neglect of Duty.

ESTATE OF WILLIAM PRICE

Orla W. Price has filed suit in the circuit court asking that Louisa G. Price, widow of the late William Price, be removed as administratrix of the estate. In the complaint he sets out that the real estate belonging to the estate of which he is entitled to a share, has been ordered sold, and has been appraised according to the law. He claims that the real estate was appraised at \$2,500, and despite the fact that Mrs. Price has received bids as high as \$2,750 refuses to sell the property.

He also alleges that more than one year has elapsed since she took out the papers of administratrix and that no report has been made to the court in that time. He asks that she be removed. The court ordered a citation issued to Mrs. Price and she is to appear June 15 and answer the charges made in the complaint.

Mrs. Will Coryea suffered a serious fracture of one of her knees, in a fall, at her home in Michigan. The accident happened a few days ago, and will probably disable her for several months. Mrs. Coryea is a daughter of Mrs. J. H. Pearsey of this city.

NEW POLICY WEDNESDAY

Then President Will Make Known
Attitude Towards Mexico.

(By United Press.)
Washington, June 1.—President Wilson's new Mexican policy will not be made public until Wednesday. The president explained his policy to the cabinet today. He wants to get before the leaders of the Mexican factions before it is widely circulated, so he deferred to making the text public stating it would be ready for afternoon papers tomorrow. The note was complete before the meeting.

It is understood that the situation in Mexico will be characterized as intolerable and the factions will be called upon to reconcile their own differences and elect a representative provincial president. No time limit will be fixed.

Engagement Ends.

FORTRESS IS CAPTURED

(By United Press.)
Rome, Italy, June 1.—In a bloody engagement in the Tyrolean Alps, Italian troops stormed and captured Montezuceno, a strong Austrian fortress dominating the fortified town of Rovereto. Montezuceno lies six miles south of Rovereto, the objective of the Italian army's advance in the Adige valley towards Trent. The Italians command not only the fort Rovereto but the strong fortified Austrian position at Mori. Its capture is one of the most notable successes gained by the Italian forces in the Trentino campaign.

THREE BAD FIRES RESULTED

(By United Press.)
London, June 1.—Four persons were killed and one badly injured and others sustained lesser wounds in a Zeppelin raid on London early today. An official statement from the admiralty tonight said the airships threw 90 bombs, mostly incendiary and caused three large fires. No public buildings or fortified works were damaged.

"About 90 bombs were dropped in various localities of metropolitan London not far from each other," said the statement. A number of fires were started but only three required the attention of fire engines. All were promptly dealt with.

"No public buildings were hit but a number of private houses were hit," continued the official statement.

SAYS U. S. MUST BE REASONABLE

Foreign Secretary Jagow in Inter-

MORE DISCUSSION LIKELY

Declares American Cannot Expect
Germany to Give up Means of
Fighting Enemies.

BY CARL W. ACKERMAN.
(U. P. Staff Correspondent.)
Berlin, (Via The Hague) June 1.—"America has to be reasonable enough to grant Germany time and the right to investigate the facts on the Lusitania case."

Herr Von Jagow, German foreign secretary, who drafted the German reply to the American note, so declared in an interview with the United Press today. He expressed the sincere hope that further discussion of the Lusitania incident will bring the United States and Germany to a complete understanding as to the facts, and that an agreement will be fairly and equally determined.

"America can hardly expect us to give up any means at our disposal to fight our enemies. It is a principal with us to defend ourselves in every possible way. I am sure America will be broad enough to believe that the two countries cannot discuss the Lusitania case until both have the same basis of facts."

HAS UNDERSTANDING.

(By United Press.)
London, June 1.—The Exchange Telegraph's Copenhagen correspondent wires the following today: "Berlin advises say the German opinion in political circles is that America not only played into the hands of Great Britain in the note to Germany, but she has entered into a formal understanding with the allies."

Exercise And Health.

In "Exercise and Health," an educational leaflet from the United States Public Health Service, a note of warning is sounded. The death rate after the age of forty is increasing in spite of more sanitary modes of living and greater protection against communicable disease. The expectations of life after forty is less than it was thirty years ago. This is due largely to increased prevalence

SOME INDIANA PEOPLE GET QUICK RELIEF

Hundreds of Indiana people have found relief from stomach and digestive troubles by the use of May's Wonderful Remedy.

This remedy is safe and efficient. The first dose gives results. And the treatment is not long. It has a wonderful record.

Here are the statements of two who have used and proven the merits of the remedy:

CHARLES INMAN, 424 East Chestnut St., Hartford City, Ind.—"Four doctors said they could not cure me unless I went to Fort Wayne to be operated on. I took your treatment. In three weeks I went to work and haven't missed but a half day since."

WALTER SPRAY, 1011 South Second St., Frankfort, Ind.—"Before I took your medicine I suffered a great deal, but since I took the first dose I have not had a bad spell. I feel it is even more than you claim."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

absence of the diseases of degeneration. The muscles, arteries and other organs of those who as a result of sedentary occupation or indolence take too little exercise degenerate. Heart disease, kidney disease, and other ills follow.

Take exercise. Take daily exercise. Have a hobby that gets you out of doors. Walk to your business, to your dress-maker's, walk for the sake of walking. Join a walking club and keep your weekly score of miles. Keep chickens, make a garden, wheel the baby or play golf or any other game, but take two hours outdoor exercise every day. Gymnasium work is good for those who like it and can afford it, but avoid heavy athletics. Don't try to be a "strong man," the champion athlete often dies young. Be a moderate, persistent, daily exponent of exercise. You may not burn the family carriage, as Benjamin Franklin suggested, but at least, as he advised, walk, walk, walk.

RISK COMES OUT FOR GOVERNOR

Leader of Anti-Taggart Faction Of

Democratic Party Says he is

After Nomination

ACTION HAS BEEN EXPECTED

Declares in Favor of Woman Suffrage, Constitutional Convention

And Against Liquor

(By United Press.)

Indianapolis, Ind., May 31.—James K. Risk of Lafayette and Indianapolis announced himself as a candidate for governor subject to the democratic primaries. He declared himself for women suffrage, a constitutional convention and against the liquor traffic.

Risk is recognized as leader of the anti-Taggart faction in the Democratic party. Because Indiana will for the first time nominate by the direct primary process, today's announcement foreshadows what probably will be the stiffest fight Thomas Taggart has yet experienced for the control of that party.

The announcement came in an open letter to Richard B. Kirby of Indianapolis, president of the Wilson-Bryan league of Indiana. It was in answer to a letter from Kirby asking Risk to become a candidate.

In bringing in the liquor question Risk went one step better than Kirby, who mentioned only women suffrage and the constitutional convention. He denounced the liquor traffic as "controlling or attempting to control all law enforcing agencies; surrounding itself with crime, vice, debauchery and prostituting both men and women."

Risk refers to the fight for the Jones direct primary law. He has been given credit by John R. Jones as being the leader in the fight for the law in the recent legislature. He calls upon the voters to use "the implement that has been placed in their hands, which will enable them to begin in the precinct and select the right kind of men who go to make up the party organization. 'The political boss must be overthrown' says Risk. 'The people now have a primary law which will allow them to have the kind of government they want.'

Concerning woman suffrage Risk says:

"I believe that every woman that desires to vote in our state should have the right to vote. I believe the women of Indiana are just as capable of determining what sort of government is best suited to bring the greatest good to the greatest number, as are the men.

"Woman has been able to meet every demand made upon her. In many lines they have excelled the men. A very large percent of the teachers in our schools are women. They are capable of training the youth. In the professional line we find them men's equal if not their superior. In many instances they are compelled to maintain a home. They are the owners of property and bear their burden of the taxation, and yet in our state they have no voice in the government which they are called upon to help maintain. However, the day is not far distant when the women of Indiana will have that which is due them—the right to stand on an equality with men."

He declares that a constitutional convention is needed to obtain woman suffrage and "many acute questions now confronting us that never will be properly settled until the people of Indiana demand the right to revise or rewrite their own fundamental law in their own way."

Risk has the following to say on the liquor traffic:

"There is one question that you have not discussed in your letter which is extremely vital in our state. It has had much to do in preventing the progress of popular government. It has laid its vicious hands on every attempt to bring about needed moral reforms. It is found in the hamlet, the village, the town, the municipality and the state. It controls or attempts to control all law enforcing agencies. It surrounds itself with crime, vice and debauchery.

It is the prostitute of both men and women. It is a full partner with those who live by committing crime. This great evil, the liquor traffic, must not only be driven out of politics, but it must be driven out of the state; and those who believe in honest government cannot dodge this issue. They will be and should be compelled to fight the liquor traffic with all their might because of its tenuous hold on the government.

He then quotes Federal Judge A. B. Anderson's denunciation of the saloon in connection with the Terro Haute election corruption conspiracy. Judge Anderson declared that the people would have to rise up and smash the saloon.

Speculation has been rife concerning Risk ever since the Kirby letter appeared. He is known to have a large personal acquaintance in the state, due partly to the many years spent in the insurance field. He was for 20 years a member of the executive committee of the Independent Order of Foresters, was high chief ranger of the order at one time and for four years was state manager. At present he is manager of the Indianapolis branch of the North American Insurance Company of Chicago.

Observers have not hesitated to state that should Risk become a candidate he would draw to his banner the Bryan element in Indiana Democracy which is rated very strong. Risk has long been identified with the secretary of state. Bryan stopped at the Risk home in Lafayette at the time of the big rally in 1907 when he announced his candidacy for the presidency in 1908.

Risk has had extensive experience in politics. In 1908 he led a fight against Taggart in the state committee which was deadlocked for 43 ballots over choice of a state chairman. Taggart organization finally elected Stikes Jackson to succeed W. H. O'Brien. Curiously, O'Brien at this time is mentioned as the most probable candidate of the organization forces for governor.

Risk has been city, county, and district chairman at the same time while endeavoring to be elected state chairman of the party.

Read This Letter:
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect.

Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

JOHNNY COULON TO COME BACK

One Time Famous Bantam Will Endeavor to Take Crown Away From Kid Williams

IS SOON GOING TO CANADA

There he Will Spend Summer Getting in Condition—Then The Big Battle Will Take Place

BY BARRY FARIS (U. P. Staff Correspondent.)

Chicago, June 1.—Johnny Coulon, the little Logan Square battler who so long wore the crown of the bantams on his bald head, is going to try a comeback. The experience of Jim Jeffries and countless other gentlemen who have essayed similar stunts with disastrous results, has no terrors for Johnny. He is as confident that he will win back the championship as he is of anything. Johnny, however, hasn't lived 28 years for nothing. He knows a lot of tricks yet, even if he is an ex-champ, and he is basing his hopes to take the title away from Kid Williams, on two things—one is that he really believes he packs a big enough wallop to put the Baltimore Dane away. The other is a well founded belief that Williams can no longer scule 116 pounds, the legitimate bantam limit, and be strong—all the expostulations of Sammy Harris to the contrary.

"Williams can't make 116 any more and be strong," Johnny said several days ago, "and I know it. I also know that there isn't a 116 pound boy in the game with the exception of myself, who stands a chance to beat him. Will he fight me? I don't know, but I'll make it so hot for him if he don't that he will have a sweet time trying to square himself with the fans. He has never given me a return fight anyway, which is contrary to all ring precedent. I am going to post \$1,000 for him to meet me at 116 pounds."

Johnny hasn't been idle since Williams defeated him in California a year or so ago. He always was a clean liver and he has not abandoned boxing since he became an ex. He is constantly in training, and spends most of his time away from the little cigar store that bears his name up on the square.

In July, Johnny is going to Canada and spend all summer in the woods. Then he is going to come back, take on a few boys to get a good line on himself, and then spring the big coup.

This, of course, is all according to Johnny, but the little fighter only weighs 118 stripped now and looks every inch in condition. And there are a lot of Chicago fans, particularly his Logan Square worshippers, who think he not only has a chance to slip one over on the blond Williams, but that he will do it.

RAMBLERS WILL PLAY HERE

Rushville Feds Will Take on Connorsville Team Thursday.

The Rushville Feds will play their first game of the season Thursday afternoon at Edgewater park when they tackle the Connorsville Ramblers. The Feds, composed of Nick Tompkins, Eddie Carter and some other good baseball talent hope to play week day games once a week and the game Thursday will be the starter. The Connorsville team is expected to give the local boys a hard run. The batteries have not been announced, but Huddleson, who will pitch for Connorsville will work for Rushville later in the season. The game will be called at 2:30 o'clock.

NO BALL GAME HERE SUNDAY

Edgewater Park will be Closed as Per Agreement With Remington.

Edgewater Park will be closed Sunday afternoon and there will be no ball game permitted there. The Rushers will play in Connorsville on next Sunday afternoon and by reason of an agreement with the Connorsville management the local park will be closed and no one permitted to play ball there. When Connorsville plays here the park will be closed. From all indications several car loads of fans will make the trip to Connorsville next Sunday. The Rushville team is very anxious to win this game and will put forward every effort.

ARRANGES FOR SPECIAL TRAIN

C. H. & D. Will Run Excursion to Cincinnati Next Tuesday For Big Picnic.

BAND CONCERTS AT THE ZOO

Just one week from today, which will be Tuesday, June 8th, the Main Street Christian Bible School of this city will conduct an excursion over the C. H. & D. Railway to the Zoo in Cincinnati. The local school with their friends will there meet the Bible School of the Winchester, Kentucky church. It will be recalled that these schools had a friendly contest a little more than a year ago in which the local school won. The fellowship then enjoyed will be renewed in a joint picnic. A special round-trip fare of \$1.25 for adults and 65c. for children will be allowed. When it is remembered that the regular rate is \$4.50 it will be seen that the special rate is remarkably low.

The Cincinnati Zoo is the largest and most complete west of New York City. It is maintained at a cost of almost \$100,000 annually and is the pride of the middle west. Music lovers will be glad to know that at 2:30 in the afternoon of the day of the picnic the world famous Kryl band will give a concert in the band pavilion at the Zoo. The local school has invited the members of other schools of the city and citizens of Rushville to avail themselves of the privileges of this excursion. Tickets will be on sale beginning tomorrow at the Hargrove and Mullin Drug Store.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Backbone or a Wishbone?

It is always better to have a backbone than a wishbone. It's better to wander a bit and then get back than never to act at all and wish you had. Experience teaches.

Each week for years I've been telling you fellows what I thought was the best thing for you when you need a pair of shoes. Come to the place where the stock is known to be right. How many thousands have followed the lead, I don't know, but certain it is that those who haven't are few. If you are one of "the few" again I say "Try It."

There isn't a chance in the world it will hurt you. The majority of your neighbors say it will help. If you find you don't agree with them it's a Short Cut Back. I know the trip will do you good.

Next time you need a pair "get started" for once and see for yourself how the going is in a pair of our snappy shoes.

VETERANS OF SOUTH MEETING

Greatest Gathering of Confederate Soldiers Since War Opens At Richmond, Virginia

GREAT MILITARY PARADE

"Battle of Crater" is to be Reproduced in Fireworks—Corner Stone to be Laid

(By United Press.)

Richmond, Va., June 1.—For more than one reason the twenty-fifth annual reunion of the United Confederate Veterans, which begins here today and continues June 2 and 3, gives promise of being the greatest gathering of Confederates since the war. Coming just fifty years after the close of the great struggle, the 1915 reunion in the old capitol of the Confederacy has proven a great attraction.

Perhaps the leading feature of the reunion will be the great military parade and spectacle which is scheduled for the morning of June 3, in which not only the Confederate veterans but crack military commands from the North and South will participate. Ten thousand confederates, more than 3,000 Virginia militiamen, "The Old Guard" of New York, the Governors Foot Guards, of Connecticut, fifteen military bands, and many military organizations from the Southern States will be in line.

Not the least unique and interesting feature will be the formal opening of the Confederate Memorial Institute, or "Battle Abbey" as it is popularly known. This imposing temple of granite, of classic lines and impressive simplicity, has been erected as a treasure house of Confederate relics. After years of patient effort, the building has finally been constructed, and its formal opening will be a great event in the Confederate organization.

Invitations have been issued to the Governors of the fifteen Southern States and to President Woodrow Wilson and other notables. Many have accepted and the President holds his reply in reservation. The wives and families of the great leaders of the Southern armies have also accepted the invitations to attend the 1915 reunion.

A thrill is promised by the com-

mittee in charge of the reunion when the "Battle of the Crater," is reproduced in fireworks the night of June 2, at "Camp Stuart." Trenches will be constructed, dummy figures used, and at least two companies of soldiers employed in staging the spectacle.

On the morning of Thursday, June 3, the cornerstone of the imposing monument to Stonewall Jackson, which is to be erected at Monument Avenue and the Boulevard, will be laid. Simple ceremonies are to mark this event.

Unusual interest in the business sessions at the reunion is attached by reason of the fact that the Confederates are to decide definitely at this time to whom is to go the honor as designer of the Stars and Bars. This has been a much controverted point.

The reunion will come to an end on Thursday with the grand ball in the First Regiment Armory and the military hall in the armory of the Richmond Light Infantry Blues.

Among the speakers at the reunion will be: Judge D. Gardiner Tyler, a son of president Tyler; John W. Bale, of Rome, Ga.; Dr. Henry W. Battle, of Charlottesville, Va.; Gen. B. W. Green, of Arkansas; and Gen. Julian S. Carr, of N. C.

BOYD CATTLE NOW ON THE WAY HOME

Quarantine Lifted by Government in Chicago and Twenty Head of Jerseys Are Shipped Here.

Twenty head of fine Jersey cattle, owned by John F. Boyd, are now on the way home from Chicago where they have been held in quarantine since last fall on account of the foot and mouth disease. The quarantine was lifted yesterday by the federal government and the cattle were permitted to be shipped into Indiana by order of State Veterinarian Nelson.

Something like 750 head of cattle were also released along with the Boyd cattle. Practically all of the Boyd cattle had the foot and mouth disease but suffered no ill effects. The cattle are in no way damaged as a result of the disease. The cattle were in Chicago for the National Dairy show when the quarantine was put in effect. The government took the 750 head that were at the show and cared for them at the Hawthorn race track.
